[Distribute to selected Pool] New Entry

***Create Tie Sheet** means show selected pool players in Tie-sheet

***delete** in pool means- participant can be deleted and shift back to undistributed list

***organizer can re-arrange participants by shifting Participants up-down. In POOL**

*If wants to remove, add, replace Participants, simply select Pool and the same **Pool** process Like Creating

*Tie-Sheet number can be changed by selecting pool

Tie-sheet number (Less)- if changing **Tie-sheet number** is **Less** than **previous Number**, then **total Students (from top) equal to Changing number, they will remain there, rest Participants Shift back to undistributed List.**

Tie-sheet number (More)- if changing **Tie-sheet number** is **More** than **previous Number**, then organizer can **Add** more students to equal the total participant number by simply selecting participants from **undistributed List** in **selected Pool.**
